

DEPARTMENT OF KAYACHIKITSA
SHREE RMD AYURVED COLLEGE & HOSPITAL WAGHALDHARA

1. INTRODUCTION

Kayachikitsa is the first, foremost and the basic branch of Ashtanga Ayurveda which deals with all the diseases pertaining to the whole body. The department is determined to offer the treatments including *Shamana* (internal medicine) and *Shodhana* (purification medicine). The core concept of the subject is to restore *Kaya* (Agni), which is unique and is responsible factor for various bio-chemical mechanisms. The aim of the department is to prevent, cure the diseases as well as maintain and promote healthy environment in the body for longevity. The subject imparts various treatment skills in upcoming *Vaidyas* to serve the humanity by reducing various illnesses of mankind. The department has well established outdoor and indoor patient units.

VISION

The department has the following vision for the excellence:

- To be the major specialist service provider for the population.
- To upgrade the teaching, training and patient care.
- Gaining the confidence in our care by giving trustful service and to provide quick services to the highest standards.
- To improve the environment for patients and staff.
- Work in collaboration with other specialties.

MISSION

To achieve the vision, department has framed following mission statements.

- Establishment of the facts of the disease through evidences.
- Thorough training of students by efforts of regular practice of Ayurveda & interaction by utilizing current information of Medicine.
