

# **DEPARTMENT OF RASASHASTRA AND BHAISHAJYA KALPANA**

## **SHREE RMD AYURVEDIC COLLEGE AND HOSPITAL**

### **1. INTRODUCTION**

This subject of Ayurveda helps with the preparation of medicines which are available abundantly in our nature. Not only herbs, but minerals and metals can also be processed and converted into organic and completely safe medicines. Herbo-mineral products are found to be very effective in the treatment. The students are trained in preparing Ayurvedic medicines along with how and when to use them in the patients. The medicines are prepared by using the herbs that are found profusely in the vast herbal garden of the institute. Preparation of medicines for the admitted patients in the hospital is always done using these fresh drugs which in turns give maximum results in the therapy. The aim of this subject is to design and prepare new medicine compositions which are very potent consisting of herbal drugs, metals and minerals in lesser dosage without causing any other nuisance to the patient. It deals with medicinal preparations to bring them into practice and also modify the preparations based on the contemporary times and practice. The vast availability of traditional medicines is converted into better and easy to consume forms by adopting modern techniques.

**VISION:** To become a department par excellence providing thorough knowledge of Rasashastra and Bhaishajya Kalpana (Theory, Practical and Clinical application of formulations)

**MISSION:** To train the students of BAMS 2nd year so that they can prepare any formulations (Rasa Aushadhi, Kashtaushadhi) individually, with confidence and with minimum error.

### **2. STAFF AND DESIGNATION**

| <b>SR.NO</b> | <b>NAME OF THE STAFF</b> | <b>DESIGNATION</b>  | <b>QUALIFICATION</b> |
|--------------|--------------------------|---------------------|----------------------|
| 1.           | Dr. Sandeep Sarode       | Professor           | M.D. (Ayurveda)      |
| 2.           | Dr. Sanjay Patel         | Associate Professor | M.D. (Ayurveda)      |

3. **ACADEMIC FACILITIES:** Well equipped practical lab to carry out various practical and preparation of various formulations, museum with various rare samples, class room with digital teaching infrastructure.
  
4. **EXTRA TRAINING PROGRAMME:** Ayushman bharat training programme (Theory and Practical)
  
5. **DEPARTMENTAL FEATURES:** Different models to make easy understanding of concepts. Subject charts to understand the subject in better way.
